

Provide Regulatory Relief to Education Stakeholders

Goal Leader: Robert Eitel, Senior Counselor to Secretary

Deputy Goal Leader: Elizabeth McFadden, Deputy General Counsel

Theme: Education, Training, Employment and Social Services

Overview

Goal Statement

- By September 30, 2019, the Department will reduce the regulatory burden on education stakeholders by submitting to OMB no less than 25 deregulatory actions (against a baseline of zero (0) for FY 2015 and 2016).

Challenge

- The Department intends to reduce regulatory burden on stakeholders through review, rescission, and modification of outdated, burdensome regulations and guidance.

Opportunity

- Overly burdensome regulatory requirements can adversely affect the nation's ability to prepare students for the opportunities and challenges of the 21st century.
- Reducing regulatory burden, including financial costs, on States, school districts, and schools, as well as other stakeholders, will help empower parents, local communities, and students to achieve their educational goals and career ambitions.

Leadership

Core Team: Regulatory Reform Task Force (RRTF), comprised of senior career and political leadership across the Department and led by the Regulatory Reform Officer and Regulatory Policy Officer. The Goal Leader (Robert Eitel) and Deputy Goal Leader (Elizabeth McFadden) serve as co-chairs of the RRTF.

Goal Structure & Strategies

The goal is a 2-year goal covering FY 2018 and FY 2019.

The goal will be achieved through a comprehensive review of the Department's regulations and guidance to identify those that are overly burdensome, inconsistent with Administration priorities, unnecessary, outdated or ineffective. Based on that review, the Department will determine whether such regulations or guidance need to be modified or rescinded and will then take appropriate action consistent with applicable law.

For FY 2018, the Department intends to submit no fewer than 15 deregulatory actions to OMB.

For FY 2019, the Department intends to submit no fewer than 10 deregulatory actions to OMB.

Following submission of such actions to OMB and completion of review by OMB, the Department would then publish such deregulatory actions.

Summary of Progress – FY 18 Q2

In December 2017, the U.S. House of Representatives Committee on Oversight and Government Reform Majority Staff requested detailed information from Federal agencies regarding their non-regulatory guidance issued since 2008. Following review of agency submissions, in March 2018, the Committee released its report , [“Shining Light on Regulatory Dark Matter,”](#) and noted that the Department was one of two agencies that had the capability to respond properly, indicating effective and implemented information management policies.

Next Steps

- The Department collaborated with OMB to publish the Spring 2018 Unified Agenda on May 9, 2018.
- The Department has established an internal working group to discuss general recommendations from the Committee’s Report.
