

Agency Priority Goal (APG) Action Plan

Provide Regulatory Relief to Education Stakeholders

APG Goal Leader: Robert Eitel, Senior Counselor to Secretary

APG Deputy Goal Leader: Hilary Malawer, Deputy General Counsel

Overview

Goal Statement

- By September 30, 2019, the Department will reduce the regulatory burden on education stakeholders by submitting to OMB no less than 25 deregulatory actions (against a baseline of zero (0) for FY 2015 and 2016).

Challenge

- The Department intends to reduce regulatory burden on stakeholders through review, rescission, and modification of outdated, burdensome regulations, information collections, and guidance.

Opportunity

- Overly burdensome regulatory requirements can adversely affect the nation's ability to prepare students for the opportunities and challenges of the 21st century.
- Reducing regulatory burden, including financial costs, on States, school districts, and schools, as well as other stakeholders, will help empower students, their parents, and local communities to achieve their educational and career goals.

Leadership

Core Team: Regulatory Reform Task Force (RRTF), comprised of senior career and political leadership across the Department and led by the Regulatory Reform Officer and Regulatory Policy Officer. The Goal Leader (Robert Eitel) and Deputy Goal Leader (Hilary Malawer) serve as co-chairs of the RRTF.

Goal Structure & Strategies

The goal is a two-year goal covering FY 2018 and FY 2019.

The goal will be achieved through a comprehensive review of the Department's regulations, guidance, and information collections to identify those that are overly burdensome, inconsistent with Administration priorities, unnecessary, outdated or ineffective. Based on that review, the Department will determine whether such regulations, guidance, or information collections need to be modified or rescinded and will then take appropriate action consistent with applicable law.

For FY 2018, the Department submitted 24 deregulatory actions to OMB.

For FY 2019, the Department intends to submit no fewer than 3 deregulatory actions to OMB.

Following submission of such actions to OMB and completion of review by OMB, the Department publishes such deregulatory actions.

Contributing Programs

All offices within the Department support this APG as it is directly related to Strategic Goal 4 and Strategic Objective 4.1. The Department will be collaborating with OMB on the submissions and review of deregulatory actions.

Stakeholder / Congressional Consultations

In addition to the Department-wide *Federal Register* notice seeking public comment, several Principal Offices have asked for the views of the stakeholders especially relevant to their offices in a variety of ways. The [October 2017 status report](#) provides a summary of these activities. Of note, we recently sought the views of stakeholders through the negotiated rulemaking process for numerous higher education issues, including accreditation, State authorization, distance learning and educational innovation, participation by faith-based educational entities, and TEACH grants. We reached consensus on all of the issues negotiated.

Additionally, the Department conducted Congressional consultation as part of the development of its FY 2018-22 Strategic Plan and the FY 2018-19 APGs.
